Donation Form

"Since 2010, I have attended HSDC's programs such as the Computer training, Sewing/Fashion Design program and the Small business training. I am happy to say that with their help I have started a clothing business which is doing very well and I am no longer on social assistance. I would like to say that they have done a great job of providing opportunities for new immigrants like myself to gain work experience and participate in various personal development programs" – Sandra Demola

"Heritage Skills Development Center has been very important in helping me with my life. The staff helped me to find joy in life again, establish my career goals and gain full time employment. I honestly may not be able to cope, especially being separated from my family if it had not been for this agency. Thank you so much HSDC for creating the opportunities to meet such inspiring and knowledgeable people. Thank you for the support, encouragement and for the programs you provide to help our community. I would like to encourage all other organizations and people who support the center to keep on doing so because it really helps people to empower themselves" – Sylvia Argandar

Please note that no amount is too small to give!

Yes! I want to help Heritage Skills Development Centre change more lives!
